

Health and Vendor Fair Services

As volunteers for the national non-profit, the Elevate Foundation, Discover Health and Wellness is incredibly passionate about educating and serving our community. With our several locations surrounding the Denver Metro area, we are working hard to change our world's view on healthcare. Our offices are medically integrated and our doctors are board certified. We have been serving the community since 1999.

Health Fairs offer the convenience of preventive health screenings.

They help to identify potential threats to your employees' health.

Health screenings are essential to a healthy lifestyle.

We can donate the following services at Fairs:

Free Health Screenings

(all non-invasive)

- Blood Pressure
- BMI / Body Fat
- Stress Analysis
- Chemical Toxicity Test
- Blood Oxygen Saturation
- Posture / Spine Assessment
- Trigger Point Testing

Range of Motion

Free Therapeutic Chair Massage

Free Pain Relief Therapy

Additional Wellness Information
